BIG BUSINESS CALLS SONOMA MERCHANT

Al Stein's Leave Taking on January First Comes as Surprise To Friends And Patrons.

The hurried announcement giving the exclusive news of the big business venture contemplated by Al Stein and which will take the prominent local merchant to Santa Rosa the first of the year came as a distinct surprise to his friends and patrons throughout Sonoma Valley.

Mr. Stein who was formerly the popular traveling salesman of a well known firm, founded the stationery and toy business which bears his name in 1919. He specialized on lines which were formerly a part of the general stock of local stores and his venture proved very successful.

Taking a lead in civic affairs, Mr. Stein became secretary of the Sonoma Business Mens Association for one term and has been identified with every forward movement for the up-building of the community. He will be wished great success in his new field.

Miss Inez Ross has returned from Seattle.

RESPECTED PIONEER CROSSES DIVIDE

Judge C. H. Dillon, one of the beloved pioneers of Sonoma County, crossed the Great Divide yesterday. His death following pneumonia, occurred at the family home in Petaluma. His wife, who was Martha Akers, of a prominent family, has many relatives in this valley.

HIGHWAY RIGHTS-OF-WAY TO BE SOUGHT HERE

Supervisor Lowell Has Blank Deeds and Will Ask for Signatures to Complete Schellville-Santa Rosa Route.

The rights-of-way for the Schellville-Santa Rosa state highway have been signed up in Supervisor Cunningham's district between Kenwood and Santa Rosa and the blank deeds for property necessary between Kenwood and Schellville are now in the hands of Supervisor Fred Lowell. Every effort will be made to have the rights-of-way in Mr. Lowell's territory signed up at once, as the state highway commission has announced that not a mile of road will be built until all the rights-of-way have been secured and are in their hands.

Where there is any argument as to valuation, the Supervisors decided to submit the matter to a committee of arbitration consisting of Messrs. F. M. Burris, Robt. P. Hill and Harry Hall of Santa Rosa. The deeds must be placed in escrow and the property owners abide by the ultimate decision of this committee.

Mrs. Lloyd S. Simmons attended the Pacific Cat Club exhibition at the St. Francis Hotel this week. Mrs. Simmons is a prominent local cat breeder and fancier and owns several wonderful felines, one of which "Lucifer" she may enter in the show next year.

ANNOUNCEMENT

Miss Anna Pemberton will take orders for holiday needlework, as is her annual custom and will be pleased to have old and new patrons call at her home on Second Street East to place their orders.—Adv.

ARTESIAN WELL STRUCK IN HEART OF TOWN

A flowing artesian well has been struck on the property of Sam Sebastiani back of the Fior de Italia hotel. D. Volquardsen had gone down 280 feet with his well boring outfit when the fine flow of water gushed forth.

MRS. SERRES LOSES MOTHER

Mrs. Helen Hutchison, beloved mother of Mrs. J. P. Serres, passed away at the Watrous-Serres ranch at Agua Caliente Sunday last. She had been tenderly cared for by her daughter during her last illness and all that medical science could do was resorted to but in vain.

The funeral took place from the late home of the deceased Wednesday and last sad rites were at Mountain cemetery.

MORE GOOD STREETS

The streets along principal thoroughfares in Sonoma not paved are being scarified and improved by the Board of City Trustees.

A giant scraper has also arrived for the county and the macadam roads between here and Agua Caliente will be gone over and put in good shape also.

SONOMA HISTORY ENRICHED BY FIND

Long Lost Manuscript Detailing Great Events in Early California Come to Light.

Sonoma, where so much of California's early history was enacted has come into great prominence through the nation through the recent finding of the long lost papers of General Sutter, setting forth the official record from 1846-1847 and what really transpired as California was passing from Mexican authority into the hands of the Americans.

The Kansas City Times, giving an account of the important historical discovery was sent by C. Hopkins, a pioneer Sonoman living there, to Mrs. Amelia Bates of this place to whom we are indebted for the following clipping.

To emphasize their importance for the history of California would be useless. First among them comes the text of the pronouncement issued by Jose Castro, Mexican commander-in-chief of the department of California, while Fremont was encamped with his troops at Natividad in which they were denounced as a band of robbers and the Mexicans are incited to attack and expel them. This is Kern's own manuscript of the document, the existence and genuineness of which has heretofore been doubted.

Of equal importance is the original copy of Commodore Sloat's proclamation which was sent to Kern at Sutter's Fort. This was one of the original copies written on board the flagship Savannah at Monterey, July 5 and 6, sent northward to Montgomery and others on the latter date and proclaimed July 7, officially ordering the raising of the American flag and the taking possession of California in the name of the United States of America. These two documents alone are the corner stones of California history, and their recovery is enough to cause a thrill in the breast of every loyal Californian.

Preliminary volumes deal with the appointment of Kern as artist of the expedition; his letter to his brother, Richard, describing the scenes, conditions and preparations for the departure of the expedition from Boon Creek, Missouri territory, "the jumping-off place," June 19, 1845; and a document making Kern an officer and ordering him to report to Fremont for duty. This may be regarded as Stockton's official sanction of Fremont's previous action in appointing Kern to the command at Fort Sutter.

The incident in American history known as the Bear Flag War was an insurrection against the Mexican government in June, 1846, by a small body of settlers from the United States. Fremont, then in California, is now shown to have supported the insurrection.

In this find is a bundle of papers concerning conditions at Sonoma and other places; the movements of Fremont, original manuscript of the appeal of the Sonoma captives for liberty written by Salvador Vallejo, Prudon and Leese, with the bill for their transportation from Sonoma to Fort Sutter; Commodore Montgomery's order for the release of Carrillo and Guadalupe Vallejo and Kern's pass for their homeward journey.

The declaration of war with Mexico in July, when Sloat raised the American flag at Monterey, put an end to the Bear Flag War, which was then merged into the greater one. Sloat's proclamation that "hereafter California will be a part of the United States" ended the Bear Flag party and the Republic of Sonoma, but it did not end the activities of the California settlers. One volume of papers contains Kern's order commanding the hastily organized emigrants to march immediately to Yerba Buena and his manuscript records and memoranda relating to the mounting and equipment of the California battalion.

One of the most important of the Bear Flag documents is a manuscript written by Dr. Robert Semple, Yerba Buena, January 1, 1847, testifying of his personal knowledge of Fremont's responsibility for the foray of July 1, 1846, which was under Semple's command and whose successfully accomplished purpose was the spiking of the Mexican cannon at Yerba Buena. The manuscript and autograph are in the hands of the secretary of the Bear Flag revolutionists who sat at the table of General Vallejo at Sonoma on June 14 and prepared the document known to history as the articles of capitulation of Sonoma, the drafting and signing of which was the first formal step toward the acquisition of California by the United States.

The papers were sold at auction in New York on Nov. 29th, and brought \$8,450. They were among the effects of Edward M. Kern, one time commander of Sutter's Fort.

About twenty members of the Sonoma I. O. O. F. went to Petaluma Thursday night, there being six candidates for the Royal Purple degree. It was a gala night in the fraternal circles of the Egg city.

The Flying Needles will meet on Wednesday, Dec. 7th, at the home of Miss Jannette Cooper.

VINEBURG NEWS

Paul Manciet of San Francisco and charming young daughter, Miss Madeline were the guests of Mr. and Mrs. Louis Martin Saturday evening and Sunday.

Asa Kimbrough has sold his fine orchard near this place to Joseph Tyman and on Tuesday left here for the oil fields near Waco. His many friends wish him good luck.

Mrs. Frank Groskopf of Vallejo was the guest of honor at an elaborate dinner served at the Groskopf home, Whispering Pines, on Thanksgiving day.

Mr. and Mrs. Fred Batto and family, Mr. and Mrs. Albert Groskopf, Jr., and Miss Adele Andreux were the guests of Mrs. Charles McDevitt in Sonoma on Thursday last.

The angel of death again hovered over our peaceful burg and on Sunday called to his eternal rest our well known and highly respected local merchant, W. R. Hansen. Mr. Hansen's death was not unexpected, as the business man had been ill for some time. His funeral took place in Sonoma on last Tuesday.

Mr. and Mrs. August Efgone and family of San Francisco, Mrs. Bancherio and Mr. and Mrs. Charles Bancherio and family of Napa were the guests of Mr. and Mrs. John Batto on last Sunday.

So I hear that my old standby, Archie McKiver, wants a fair assistant to help him in El Verano, and that he likes "Viola Vineburg." Oh, that is nothing, Archie. I know lots of fellows that like Viola, too, but "nothing doing." Viola is engaged to a moving picture magnate, and will shortly be a star on the silver screen in a picture entitled, "Run to Earth, or Who Stole the Moonshine."

Three high pedigreed cockerels of

the J. A. Hanson trapnested stock was received by D. Colli of Vineburg. These cockerels are from Pen hens laying 238-280 eggs mated to mate from 307-egg hens. Mr. Colli intends to mate these three cockerels to 50 of his best two year old hens of proven merit, of 14 to 15 months of steady laying during their pullet season.

ENGENDERING SUSPICION IN ADMINISTRATION IS DESPICABLE PRACTICE

A GREAT part of the people took it for granted that when we had a change of administration at Washington, and the vindictive pen which feeds up a certain element of malcontents had enjoyed its full fling in taking a fall out of Ex-President Wilson, there would be a new field of attack for the pessimistic critics other than national politics. Not so, however, those critics of Wilson, who cater to the bolshevistic I. W. W.-ism of the country are keeping things going and precluding competition from the contraband radical press by asserting with deplorable boldness that "the present administration is the worst British administration that ever held power, not even excepting that of the lamented Woodrow." The article wherein this fling appears, goes into detail concerning an alleged conspiracy on foot by which England may repudiate all her war debt to this country, eliminate the American mercantile marine, caused to be abandoned the American export trade and eventually to absorb the United States as part of the British Empire.

The object of all this is of course to beget hatred and stir up suspicion against our officials at Washington but those who know the Hearst leanings and why it is done take little stock in the ravings. Just the same, it is stuff that should not be permitted circulation even in this day of most liberal freedom of speech and freedom of the press. The administration at Washington is now busily engaged on intricate and grave problems, and has a right to public confidence.

In the changing from one administration to another last year, there might have been some excuse for attack and counter-attack, particularly as we were trying to set our house in order following a world war. Now with an era of critical, constructive importance confronting our government and desired by the nations, it is reprehensible that newspapers, self-styled friends of the masses, should inflame minds with alarm and plant seeds of suspicion to develop into a dark jungle of prejudice and radicalism.

The present administration is fully cognizant of its responsibilities and has marked ability in every big department at Washington. No nation, however designing, can put anything over on our America "as is." We will not be sold out. With Wilson, the idealist, in power, we might have been endangered for his vision swept him off his feet, a dangerous circumstance in this materialistic age, but even then our economic supremacy was a safeguard and it is now thoroughly respected and is swaying the future course of world policies.

Let us have confidence in those in whom we have reposed it and let it be known that Wilson's reputation at the hands of the country was due to the inevitable after-war propaganda which would have been the undoing of any war president. Those who were fed up on Wilson's predelection for the English and swallowed it whole may not be quite so ready to swallow the same propaganda pill now. Enemies of the country's peace and unity are overplaying their hand.

ON THE NEW ECONOMY MOVE

IT IS NOT SURPRISING that the taxpayers of Sonoma County have risen up in protest against the alarming cost and expenditures in county management, but it is surprising that talk and alarm have boiled down to organization, and notice served on the authorities that expenses must be curtailed or the people will find new agencies to administer their affairs.

We have been running riot in the matter of county funds. There has been an orgy of spending and all at the behest of the dear people. We do not believe that the Supervisors should be held responsible for anything more than a lack of more backbone and common sense for they have only been doing the bidding of the people whose servants they are. It is quite likely by now that they realize that the dear people whom they have tried to please are really dearer than they thought, at least, highly extravagant in their ideas of betterment and progress.

Let the people rule has been a tremendously popular slogan but a costly one wherever tried, for every group of people when democratically encouraged to have their say get together, frame up their favorite hobby and go before the proper authorities to get an appropriation for their pet idea. There are oodles of propaganda for every plan from buying little railroads to swatting the fly, from buying tooth brushes for school children to high powered trucks for county officials, from providing circulating libraries to guaranteeing revolving funds. What is the result? The Supervisors, confronted by delegations of enthusiasts for this, that and the other thing, fall for all against their better judgment. But is this not government by a democracy? And should not the dear people have their rule? That is the situation in a nutshell.

The Board of Supervisors are not extravagant naturally nor careless with money. Most of them are careful managers when it comes to their own business affairs. Take them under normal conditions and apart, we could not find more dependable men or closer figurers. Take them collectively under the hypnotic gaze of men and women enthusiastically beseeching them for appropriations and they become as clay in their hands. It is time for them to become adamant. They should have done so long ago, though it is not easy, for some pet hobbies when set in motion are real nightmares to the taxpayers by the time they get going good-witness the county engineer plan and its aftermath. But the new Economy League says it must all stop and whether the individual belongs to the League or not, every taxpayer in the county will join in the amen and bless those who sincerely desire to cut down the cost of running Sonoma county. If there is any ulterior motive, political or reformative, in the movement, the new organization will be short-lived and evils will follow in its wake even as they are still following in the wake of the defunct Taxpayers League sponsored by one Peters.

The responsibility of increased bills to be met has also been naturally great since the Purchasing Agent system was inaugurated. He is besieged with clever salesmen and falls for it, too, with the result that Sonoma County has become a fine customer for many concerns. Now the taxpayer asks that a halt be called and they seem to mean business.

GERMANY has rightfully been called to the peace table. All peoples must be held to accountability in the carrying out of the peace program and perhaps now the voice of the German people will be audible since the war lords have shot their bolt. Where the people's voice can be heard, war collapses.

GENERAL DIAZ, the famous Italian soldier and patriot, has won the hearts of America. It is little wonder that he rallied his brave soldiers at critical moments and turned the tide of battle, for he radiates and inspires success. All hail General Diaz!

"BOOTLEGGING has become an industry in this city," declares U. S. Commissioner Thomas E. Hayden, presiding over the Federal Court in San Francisco this week. And to think we have always been taught to boost California industries!

A SHOPKEEPER of Poland accepted matches and trousers buttons as currency. Trousers buttons have been long in use in this country as money, particularly in the contribution box.

COOPERAGE BUSINESS NEW ONE FOR SONOMA

Sonoma is to have a cooper shop and the new business which was started here this week by Henry Heuer, will be a great convenience to everyone who has cooperage, casks, barrels and kegs, also water tanks, to re-new or repair.

The cooper shop is located near the N. W. P. depot in the former Bose ice plant which has been leased by Mr. Heuer. The coming of this industry to Sonoma will save shipping out cooperage and there will be that much more money kept in circulation here.

Mr. Heuer learned the cooper's trade when a boy and is a competent mechanic. He is returning to Sonoma after an absence of a year or two in Benecia and is being warmly welcomed back by his many friends. For many years he was a valued employee of the Gundlach-Bundschu and Dresel vineyards, Rhine Farm.

OFFER OLD SONOMA HIGH SCHOOL FOR SALE

The trustees of the Sonoma Valley Union High School will entertain offers for the present high school building and lot on Broadway. The building is a cement structure and could be easily remodeled into an apartment house or hospital.

The Board is also anxious to sell the present athletic field which they purchased from the Monahan family a few years ago.

The new high school of modern concrete and steel construction will be erected on the recently acquired Burris tract and all departments of school activities will be centered there.

LAST SAD RITES FOR FRITZ SELIG

Fritz Selig, who passed away in San Francisco last week was well known in Sonoma and his funeral in that city was under the auspices of the local lodge of Redmen of which he was a member. Selig was a cabinet maker and during his residence here was employed at A. W. Adler's furniture factory. After ten years at the factory he went to San Francisco and at the time of his death was a night engineer for a big firm of that city. As soon as news of the death of their member reached the local lodge of U. O. R. M. Messrs Heuer, Schumann and Daniloff, a committee of Sonoma stamens, went down to make arrangements for the funeral. There were fine services including music furnished by one of the singing societies of which deceased was a member. Cremation was at Mt. Olivet on Monday of this week. Selig was 52 years of age and a native of Germany.

INJURED AT AGUA CALIENTE: WANTS DAMAGES

Claiming that her career as department head of one of the smartest and most exclusive women's shops in the city has been ruined by an injury to her knee, Mrs. Lillian L. Richards is suing the Northwestern Pacific Railroad for \$19,444.

Testimony taken before a jury in Judge Johnson's court yesterday indicated that Mrs. Richards had tripped while stepping from one of the company's cars at Agua Caliente on January 15, 1921. As a result it was shown, her knee was fractured and she was so injured that in spite of the skill of surgeons there remains a disability so great that she can no longer continue her work of selling gowns.

Mrs. Richards says she had been known as one of the city's best models, claiming to be possessed of not only a figure that displayed the latest creations to the best advantage, but also remarkable sales instinct and unusual executive ability.

TIM O'GORMAN BUYS THE BOCCA PROPERTY

The Bocca ranch near Glen Ellen including the former well known resort building of stone has been sold to Tim O'Gorman, formerly of Agua Caliente who has been on the place for the past year. Confirmation of the sale which was bought from the Bocca estate, has been made by the Superior Court. Mr. and Mrs. O'Gorman will continue to conduct the O'Gorman Ranch Resort and Mr. O'Gorman also figures on cutting several hundred cords of wood on the place.

The price paid for the property is said to be in the neighborhood of \$9,000.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. ORGANIZE TO FIGHT COUNTY COST

New League Passes Resolutions Demanding Economy From Supervisors; Board Defends Present System

The mass meeting at Santa Rosa called at the behest of Sampson B. Wright and others to protest the cost of running Sonoma county resulted in a well attended gathering, the formation of a new Taxpayers' Economy League and the passing of pointed resolutions. The resolutions demand more economy from the supervisors under threat of recall proceedings if they fail to hearken to the plea of the new body. Evidently Sampson intends to try to pull the temple down upon those in power if they do not clean house and put into effect some economy measures in county management.

The supervisors are confident that expenditures are not abnormal considering the times. Supervisor Lowell declares that "we are living in a gasoline age" and that the county automobiles must be provided to furnish transportation, that trucks, tractors and machines must be maintained and overhauled. Mr. Lowell stoutly defends the corporation yards attacked by the League, says they are necessary because the county must house and shelter its expensive equipment and have storage for material which is now bought in earload lots at a saving. He says there is no extra job in maintaining the yards as the road masters of the district have the keys and store and check out all materials or equipment belonging to the county.

As to bridge remodeling, Supervisor Lowell suggests that if Wright is so sure that repairs can be made that the critic go into the repair business and take a few contracts.

County Purchasing Agent Fish declares that the Wright contingent do not tell of the big saving made by the county buying in quantity lots or what work would cost if done outside of the county garage. "They just tell one side of the story," says Fish.

The supervisors are standing their ground and one of the Board in describing Wright's rampage remarked that a man who couldn't clear his front door step of sheep was hardly the type of man to shear Sonoma County of its debts. Wright is a sheep rancher on the Sebastopol road.

Here is what the county seat papers said of the formation of the new League and the resolutions calling for economy:

RESOLUTIONS

WHEREAS, the tax making and

tax levying bodies of Sonoma county are spending large sums of money unnecessarily and without regard to the valuations and incomes of the tax payers or their possible distress;

WHEREAS, we have reached a point in our economic conditions where it is imperative that public expenditures be reduced to conform more nearly to the decrease in our incomes and valuations, and

WHEREAS, it is apparent that without organized and determined effort upon the part of the people to stop public extravagances little attention to the interests of tax payers is to be expected from a majority of the officials who are directing our public expenditures. Therefore, be it

RESOLVED that we, whose names are subscribed hereto, are opposed to the system of extravagant expenditures as practiced by a majority of the tax-making officers of Sonoma County and that we hereby pledge ourselves and our most determined energies in an effort to curtail such extravagant expenditures or to remove from office those officials who are chiefly responsible for the present high taxes.

Preliminary plans for the organization of the Sonoma County Economy League based upon the above resolution resulted from the mass meeting held Friday afternoon at Native Sons' hall for consideration of ways and means by which the ever increasing county taxation might be checked.

Despite the inclement weather the hall was not large enough to accommodate all who desired to attend and many were unable to gain admittance. Many filled the hallways and ante-rooms, unable even to catch a word of what was being said inside.

Sampson B. Wright, who has published numerous articles in the county press calling attention to what he claims are extravagances indulged in by the Board of Supervisors called the meeting to order at 1:30.

Mr. Wright in his opening remarks called attention to the various items he has referred to in his published articles claiming that by the elimination of these something over \$400,000 could have been saved from this year's tax levy. He cited the district corporation yards which are being provided by the supervisors for the purpose of storing tools and machinery of road districts when not in use, claiming that it is a waste of public funds.

"I suppose after they are all completed," he continued, "the supervisors will go to work and purchase a lot of machinery to put in them and then will come the appointment of many keepers at good salaries to increase the tax burdens even more."

He insisted that the Wahler bridge could have been dispensed with at this time by using \$10,000 for repairs. "You know as well as I do that \$10,000 will repair almost any old bridge to do for a time," he declared.

L. S. Heller, who resides on the highway north of town, was the next speaker and made an impassioned appeal for united action to force the supervisors to keep down taxation. He suggested that unless some relief was accorded the tax payers the tree in the cemetery be used as a warning to others.

Victor Piezzi, who assured his hearers that his taxes this season aggregated nearly \$1,300, said he was a friend of the grammar school where his children and others received their education but he was opposed to high schools for he had no use for them. "I have to pay high school taxes in three districts," he said, "and as to

the University, it is all the time seeking employment for someone that was dumped out half-witted," he declared.

Walter F. Price was requested to read the prepared resolution given above, and after doing so he suggested that action be taken by the formation of a Sonoma County Economy League, with directors from each of the supervisorial districts.

The chair said he would entertain a motion to such effect so Price made the motion and it was carried by a heavy vote. The chair then announced it would entertain a motion for organization and again Price was in his feet and nominated S. B. Wright for temporary chairman. This was quickly seconded and there was no other nominations.

B. M. Reidsma was elected unanimously as secretary and later made treasurer, also on motion of Price.

Price then moved that three directors be named from each supervisorial district and that four be named at large. This was carried and then some one moved that the chair be empowered to name the directors but opposition was expressed and the chairman declared it was placing too much responsibility on his shoulders.

After considerable confusion and efforts first to nominate by districts, and then to secure volunteers to serve nominations were finally made from the floor, the first three being named being made the directors with power to fill vacancies by the district delegations.

The directors as finally selected are as follows:

At Large—S. B. Wright, B. M. Reidsma, E. A. Burnham and G. G. Youker.

First District—Edward J. Clements, Schellville; Geo. C. Cassidy, Vineburg; Fred Keppel, Cotati.

Second District—J. F. Volkerts, Petaluma; Louis Cnopius, Sebastopol; George Ross, Pleasant Hill.

Third District—L. S. Heller, W. F. Price, and T. W. Fox, all of Santa Rosa.

Fourth District—H. H. Black, Cloverdale; James Harlan, Geyserville; M. N. Young, Healdsburg.

Fifth District—C. A. LeBaron, Valley Ford; Ansil Banks, Occidental; A. P. Moseley, Guerneville.

A call for the directors to take the platform in order that the audience might see them all so as to know the men who will handle the league's affairs resulted in eight going forward while the other eleven failed to respond to their names. The eight present were S. B. Wright, B. M. Reidsma, J. F. Volkerts, Louis Cnopius, Geo. Ross, L. S. Heller, W. F. Price, T. W. Fox and H. H. Black.

EL VERANO ITEMS

(Interesting gleanings from El Verano's popular press agent, our old friend, Archibald McKiver)

Eugene Hunt, a traveling man for a Sacramento firm was a guest at the A. W. Weaver home last week.

Wm. Cummings, traveling passenger agent for the N. W. P. passed through here Thanksgiving from Santa Rosa, enroute to Sonoma.

Mr. and Mrs. G. Verbeck spent the week end with friends at Berkeley.

S. Bossonneau, our shoemaker is renewing acquaintances this week in San Francisco.

Miss Hazel Baines has returned from San Francisco after a pleasant visit with friends.

Norman Baines has resigned his position with the First National Bank of San Francisco and has accepted a position with the Guarantee Trust & Savings Bank of Los Angeles.

C. Danielli and wife of San Francisco were here over the week end. Mr. Danielli is a representative of a rubber company of the bay city.

Miss Marie Minkel of the S. P. Co. information bureau at the ferry building, San Francisco, spent the week end the guest of Mr. and Mrs. Shirley Weise of Glen Ellen.

Mr. and Mrs. Eugene Hunt were visitors to San Francisco last week.

J. J. Bairros, proprietor of the Victoria Hotel returned from a business trip to San Francisco Monday.

Mr. and Mrs. Little of San Francisco were the guests at the Beach residence, Sonoma Vista last Sunday.

Henry Koerner of Oak Grove resort transacted business in San Francisco one day last week.

Mrs. J. W. Beach of Sonoma Vista is the guest this week of city friends.

Ben Pinder of Sonoma was here on business last Saturday.

Paul Vannucci, well known sporting man was up over the last week end.

A giant plainer, made in Oakland and to be used in smoothing the oil road, arrived here Monday on the S. P. consigned to Joe Revie, our roadmaster. It is an up-to-date piece of machinery and has been purchased

by the county. The value of the new machine is \$3000.

Oliver Brown, one of the early settlers in this valley was here from Agua Caliente, renewing old friendships.

Mr. and Mrs. H. Craib of San Francisco visited at the Manry home the first part of the week.

Razor Pete of Boyes Springs was in town the fore part of the week. Pete informs the writer that the West End Jockey Club will open soon and some fast horses and some crack riders will be present for the opening events.

U. S. mail carrier Cornelius who runs the route between Sonoma and El Verano has been supplied with one of Uncle Sam's 44 calibre army pistols to be used in case of an attempt at robbery on the route.

Dick Gale of Idaho, brother of station agent Gale of the S. P. arrived here Sunday and will remain here for several months, taking charge of his brother's stock farm west of town.

Joe Danielli was sightseeing in the metropolis last Sunday.

John Larsen, well known angler, showed that he is a real sportsman in the pouring rain. Jack boarded the morning train Sunday for Napa Junction and went in quest of stripped bass, taking along his gun, decoys and dog. After getting five nice bass, he went in quest of ducks, getting the limit. Larsen is a sport of the olden days having followed the game for 40 years and claims that the sports of today don't equal those of yesterday, and we believe he is right as he took a big chance with the rain.

Herbert Ammann and Henry Locarini, two crack quail shots, were out last Saturday and succeeded in getting the limit. These boys are some hunts men.

The items from Vineburg, edited by that wide awake correspondent, Easy Jim, were missed in the issue of last week. What is the matter, Easy? Have your your fair assistants fled to El Verano, or was it too much Thanks giving? We hope to hear from you in the next issue. Look's bad after a holiday.

Jack Larsen, clever bass angler, called at the writer's office Monday and presented him with a wonderful stripped bass weighing three pounds. Many thanks, John, may your luck continue.

Friday night, Nov. 24, at Sacramento Frankie Thurston, well known middleweight boxer will measure blows with Joe Perry, a Sacramento boxer. Thurston has been training hard for the bout at Parente's and looks right on edge. His many friends here are interested in the match and the writer expects the local lad to win easily.

W. A. Deppin from Chickenville was in town Monday and reports a large 4 point buck passed through his place Monday morning. The animal was tame and caused great excitement among the natives of this district.

C. A. Fabran and wife of Berkeley

spent Sunday at the Geo. Bruns home.

Albert Rossi and Frank Bayol of Napa have returned from a duck hunt in Glenn county. The boys had a good shoot and bring home a thrilling account of being lost in the dense fog. They became separated, going in different directions. For twelve hours they wandered, finally Rossi made his way into a Hindu camp on Thanksgiving morning and to his amazement, a battle was raging between the inhabitants clothed in their native garb. The Hindus looked with treachery upon the white man but he had his gun and as he believed he was in the hands of cannibals, was glad he was armed. However the "cannibals" did not carve him up and serve him as he expected, and he quietly made his getaway. Further on he sought the protection of a trapper where he also found his partner. The trapper gave them food and took them to the nearest train for home. Here they arrived in due time to remain among peaceful people, to roam no more. Albert says it was the sensation of his young life and will be remembered for many a day.

A clever capture was made here at 6 o'clock Thursday morning of two escaped girls from the State Home at Eldridge, by Tom Mullen. The girls escaped from the institution the night previous and had been wandering about since and upon seeing Mullen coming from his home, made tracks toward the western foothills and after a chase were overtaken and denied that they were from the Home, saying that they were tourists from San Francisco, stopping at Boyes Springs. They were well prepared for the rain having umbrellas. Deputy Sheriff Ryan had sent out word the evening previous that the girls were at large, and was sent for, taking the runaways back to the Home.

VINEBURG RESIDENT PASSES AWAY

W. R. Hansen, Prominent Business Man Succumbs to Long Illness.

W. R. Hansen, who had been the proprietor of the general merchandise store at Vineburg for the past ten years, passed away Saturday as the result of an illness dating back two or three years. A short time ago his condition became critical and the end was not unexpected.

Deceased enjoyed a wide acquaint-

tance among the farmers and settlers on the west side of the Sonoma Valley and was prominent in local lodge circles.

The funeral took place Monday at 11:00 a. m. from the Bates undertaking parlors and the Odd Fellows and U. O. R. M. were both represented at the last sad rites. The Odd Fellows conducted the services and at the cemetery, the interment was with the impressive ceremony accorded members of that Order.

HIGH SCHOOL NOTES

The block letter "S" was awarded to Herschel Hyde, Donald Prestwood and Kennon Gilbert at a special student body meeting. Herschel Hyde and Donald Prestwood were awarded the block letter because they played on the championship team and Kennon Gilbert won his letter last year.

The Domestic Science Department commenced serving hot chocolate to the students this week. A large tin cup sells for five cents. Parents should urge their children to spend their extra nickels in that manner.

The average daily attendance for the third school month was 115.3 as against 84.6 for the third month of last year which is an increase of 30 per cent.

The report cards are out at last and having received our money or punishment whichever we deserved, are now back at work again for something higher next quarter.

The Board of Trustees met on Tuesday and went over the newly acquired ground to determine the most suitable location for the many units of the school plant. The problem is not an easy one. There is not only the main building to place, but the manual training building, blacksmith shop, domestic science building, auto shed, athletic field and grandstand, the tennis and basketball courts, the agricultural field. All must be properly placed with a view to expansion, to easy access for pedestrians and autos and for efficient administrative control. The landscape gardening must not be overlooked. The topographical survey has been ordered since it is necessary to architect, to landscape gardener and to the contractors who will have in charge the building of driveways, athletic field and courts.

The trophy cup donated last year by Al Stein to the high school has

been awarded to Tom Palmer for the highest average in the decathlon contest. Palmer is a graduate of June, 1921. The contest was held in May. Competition was held in the following events: Pull up, push up, base ball throw, basketball throw, shot put, broad jump, high jump, 100 yard dash, tennis serve and fence vault. This contest gives every boy an equal opportunity. The grading is based upon a graduated scale depending on height, weight and age and years in school. The contest discourages specialization since the test includes every activity.

The student body is planning a Christmas party for Friday evening, December 23rd. The parents will receive their invitations in due time and it is anticipated that all will attend. There will be a real Christmas program, refreshments and dancing.

CONGRESSMAN LEA TO NOMINATE CANDIDATES

I will be called upon in the early part of 1922 to nominate two candidates from our district to the U. S. Naval Academy. A competitive examination will be held on December 31, 1921 (at places hereafter to be announced) in which all young men, residents of the First Congressional District, who are not less than 16 nor more than 20 years of age on April 1, 1922, will be eligible to compete on equal terms. Candidates receiving the highest ratings in this competitive examination will be nominated to take the regular mental examination either in February or April, 1922, for admission to the Academy in June, 1922.

Candidates desiring to enter the competitive examination above referred to, should communicate with me at once.

DEATH OF FAMOUS JOCKEY, PROTEGE OF PETALUMA

Jackey Eugene Hildebrand, former Petaluma and one of the most famous jockeys that California has ever produced, a protege of the late Harry Stover, passed into rest at Oakland Saturday, and has ridden his last race, nosed out by the Death Angel. And the news will be received with great regret wherever known, for he was a sensation of the California and eastern tracks and one of the greatest, brainiest riders that ever rode the pigskin. He was a native of Petaluma, aged 35 years and survived by his father, five brothers and four sisters. He was buried at Oakland. The family resided in the western part of Petaluma for many years and Eugene was the mainstay of the family and was as good a youth as he was a rider.

While engaged in warming up horses at Kenilworth Park in Petaluma over 20 years ago, Hildebrand was "discovered" by the late Harry Stover, then owner of the park, and Stover gave the lad a start.

He was taken to the old Emeryville track at Oakland by Stover and shipped on a rank outsider in a selling race. He brought the coin home and made ten call sit up and take notice. After that there was nothing to it. Victory after victory followed and by the end of the season Hildebrand was ranked the best jockey on the track across the bay.

His first big con race was with Joe Yeager, then one of the big owners and bookies. Hildebrand's fame preceded him to the New York tracks and when he made his eastern bow, they were all waiting for him. For several years Hildebrand was a sensation on the turf and at one time was reputed to be worth a fortune. —Petaluma Argus.

Mrs. Will Cummings and her sister-in-law, Miss Cummings of Eureka, returned to their home in the north on Monday after visiting Mrs. Cummings' mother and brother, Theo. Kiser of this place. Mrs. Cummings' daughter has entirely recovered from her recent illness and has returned to the academy at Berkeley.

CALIFORNIA CAR COMPANY ACCEPTS MARTINEZ SITE

The California Car Company is to locate its plant at Martinez, according to definite announcement today by J. C. Anderson, sales agent for the company, following receipt of word from A. D. Bowen, president, that the company's directorate had voted to accept proposals made by Martinez citizens.

It was said that \$30,000 of the quota of \$40,000 in stock to be subscribed in Martinez has been taken and that assurances have been given that the remaining \$10,000 will be subscribed. It was not stated how soon the company would start construction of its plant, but it was said that option has been secured on a site and that not many weeks would elapse before actual construction work is under way.

The California Car Company manufactures motor-driven railroad cars for use on interurban lines. Some of the cars, it is said, are now in use and the company is declared to have outstanding orders. It has been said that opening of the plant here would be followed by employment of 250 men. The company has a temporary plant in Richmond.

CATTLEMEN'S MARKET REPORT

Cattlemen will be glad to know that the Federal Reserve Bank has reduced its interest rate for rediscounting agricultural paper to 5 per cent. One year ago the interest rate charged for the same purpose by the Federal Reserve Bank was 7 per cent. As a result of this reduction, the War Finance Corporation have reduced their interest rate to 5 1/2 per cent, which means that the maximum to be charged any cattleman is 1-1/2 per cent. This is an indication of improving conditions and should encourage a livestock men. Considerable War Finance Corporation money has been loaned in California during the past week or ten days, and the general financial condition is much relieved.

President Harding has signed the bill to extend the emergency tariff act until such time as permanent tariff legislation is enacted.

All railroads are in conference with the Interstate Commerce Commission discussing a 10 per cent reduction in freight rates on all farm products for a temporary period of six months. This will not mean an extra reduction on cattle, but will mean a reduction of 10 per cent on feeds used by cattlemen such as hay, grain, cottonseed meal, etc.

Sales are reported in valley counties for 6 1/2 cents f. o. b. shipping point, with a few sales as high as 7 cents for very choice lots of prime steers. Sales in Inyo county are reported at 6 1/2 cents f. o. b. ranch. One sale has been reported to us from Siskiyou county for 6 cents f. o. b. ranch, with 3 per cent shrink, for a very choice lot of steers.

The demand is still strong for feeder and stock cattle. Use the association for locating feeder cattle and report to the state secretary any available feeders which are for sale.

The association is in a position to secure good service in shipping feeder cattle into the state or prime cattle to market. If you desire a good run for your cattle, notify the California Cattleman's Association, 814 Santa Fe Building, San Francisco, California, regarding the date of shipment, destination and number of cars. A good run means money in your pocket.

R. M. HAGEN, Secretary.

MRS. FANNY MC. G. MARTIN HAS RETIRED

Mrs. Fanny Mc. G. Martin, who for many years was a practicing attorney of Santa Rosa, has sold her law library and recently retired.

Mrs. Martin began her career in public life here in Sonoma where she was at one time principal of the Sonoma Grammar School. She was afterwards elected county superintendent of schools and was an able official.

Eventually admitted to the practice of law, she appeared as attorney in many cases before the Superior Court in this county. She was a candidate for Superior Judge at one election.

Mrs. Martin has many friends in Sonoma Valley who always followed her active career with interest and they will be pleased to hear that she has at last decided to retire and enjoy the comforts and fruits of her busy public life.

Mrs. Rose Bianchini was in San Francisco Monday last.
